LEISURE ISLE

— LIGHT COASTAL

SCHEME 01

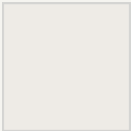

LEISURE ISLE

LIGHT COASTAL

Named for the island in the Knysna lagoon, Leisure Isle is a beach house on the water. Pale oak, sea-salt whites and washed linen keep every space light and airy, so natural light does the work and the ocean stays the hero. Soft coastal blues come through in woven textiles and striped cushions, warmed by brushed brass fittings, tan leather pulls and the texture of jute and terrazzo.

A BEACH HOUSE ON THE WATER

Leisure Isle is made for days spent between the deck and the water. Light finishes and open sightlines draw in as much natural light as possible, while relaxed linens and soft blues keep the mood easy and barefoot, so the view outside is always the focus.
